# FAMOUS

SINCE 1933

## Experience Our Culture

Gain insight on Famous' history, culture, customer support, and services at [famous-supply.com/careers](http://famous-supply.com/careers)

Established in 1933, Famous Supply® is a fourth generation family-owned company.

Famous specializes in **HVAC, Plumbing, Industrial, Building Products, and Training**. As a wholesale-only business, Famous Supply treats every Customer with a commitment to quality and personal service. We sell into the residential, commercial and industrial market segments for new construction, replacement, repair, remodel, parts and service. Famous' product offering gives our Customers opportunities to continue to grow.

Founder Hyman Blaushild's mission was to supply heating contractors in Cleveland, Ohio with the products, parts and services they needed to deliver comfort during frigid Northeast Ohio winters. What began as one branch on Woodland Avenue has grown to **32 branch locations, 5 distribution centers, 8 kitchen, bath, and home showrooms, and 15 Famous University classrooms**. The company has evolved into one of the industry's premier distributors of HVAC, Plumbing, PVF, and Building Products.

"When I think about where we are as a company, where we've been and where we're going, it's exciting because our future is bright. We respect our heritage and our tradition, and work to innovate and evolve. It's all about our people. Our people care and they're working as a team, and that makes it all worthwhile".

-Marc Blaushild, CEO & Chairman

# PROUD TO SERVE YOU FOR OVER 90 YEARS

Even after 90 years, Famous continues to look towards improving and getting better at what we do. Brian Blaushild, fourth generation, says, "I truly feel we're as young of a company at 90 as you can possibly be. While we respect and take tremendous pride in our history, we're constantly looking towards the future with a focus on innovation and continuous improvement, so we can ultimately serve our customers better. Our purpose has been and will continue to be Building Meaningful Relationships for Life."

## 1920's

**1922** Hyman Blaushild with his brother Bennie before he immigrated to the United States from Latvia to become a sheet metal contractor

## 1930's

**1933** Hyman Blaushild founds wholesale distributor Famous Furnace on Woodland Avenue in Cleveland, Ohio

## 1940's

**1946** At age 13, Jay Blaushild begins working as a warehouse and delivery associate at Famous Furnace's Cleveland branch

## 1950's

**1950-56** Famous begins to rapidly expand. Adding five branches within a six year period

## 1960's

**1960** Famous Furnace is officially renamed Famous Supply due to expanded offering of plumbing and building products

## 1970's

**1970** Hyman Blaushild passes away and Jay Blaushild moves into role of President

## 1980's

**1984** First NE Ohio Expo is held

**1980-88** Famous Supply adds six branches and two showrooms within an eight-year period

## 1990's

**1998** Famous begins investing in technology, purchasing computers along with an ERP system

## 2000's

**2005** Central Distribution Center opens in Sebring, Ohio; Famous University is established

**2006** Marc Blaushild moves into role of President and CEO

## 2010's

**2014** Regional Distribution Center opens in Columbus, Ohio

**2015-19** Regional Distribution Center opens in Pittsburgh, Pennsylvania; Launched Stream33, Bright33, Craft33 & Breeze33

## 2020's

**2020-21** Branches open in Mt. Vernon, Ohio, Dayton, Ohio, and Erie, Pennsylvania

**2022** Jay Blaushild passes away.

**2024** Brian Blaushild moves into role of President

## LIGHTING THAT CAN SAVE YOU MONEY.

Bright33 lighting is the energy-efficient solution for your lighting needs. Homeowners can use up to 80% less energy that lasts up to 25x longer than traditional lighting by switching to integrated LED lighting. We offer integrated LED fixtures and medium base socket fixtures that include the LED bulbs. Both types of lighting save energy and come in a wide variety of styles to complement an array of décor for traditional, transitional, and contemporary spaces.
